

Travel Grant Scholarship

It is our pleasure to announce that the Partnership for Influenza Vaccine Introduction (PIVI)/ Task Force for Global Health will provide **travel grants for 10 participants to attend and present at EMARIS 2023 conference.**

At EMARIS 2023 Conference participants from the region and beyond will share their achievements and challenges, present evidence and best practices, and showcase their latest research findings on influenza and other respiratory viruses. The Travel Grant Scholarship will provide 10 delegates with the amazing opportunity to join us this March in Muscat, Oman and be part of the EMARIS Conference where they will have the chance to:

- Present their latest important work in the field
- Gain valuable feedback and discuss their findings and experiences
- Contribute to the advancements in the field
- Push forward their career and forge new professional relationships and collaborations

[PIVI](#) is a key program of The [Task Force for Global Health](#). An innovative public/private program, PIVI works in partnership with the Centers for Disease Control and Prevention (CDC), Ministries of Health, corporate partners and others to create sustainable, seasonal influenza vaccination programs in low- and middle-income countries. PIVI works in concert with WHO programs to help countries prepare for pandemic influenza and to support countries' efforts to control and prevent seasonal influenza.
