

Dr. Abdinasir Abubakar

Acting WHO Representative, Lebanon Programme Area Manager, Infectious Hazard Prevention and Preparedness Unit, Department of Health Emergencies, WHO Regional Office for the Eastern Mediterranean, Egypt

Dr. Abdinasir Abubakar is the current Acting WHO Representative for Lebanon and leads the Infectious Hazard Prevention and Preparedness unit in the Health Emergencies Programme at WHO's Regional Office for the Eastern Mediterranean in Cairo, Egypt. Dr. Abubakar has over 25 years of experience in public health, epidemiological research, and health systems, both nationally and internationally. He has provided technical support to Member States and partners on improving national emergency and public health security capacities to prevent and control emerging and re-emerging infectious disease outbreaks. He has also led the Incident Management for COVID-19 Pandemic Response in the Eastern Mediterranean Region, coordinating the response and providing technical support to 22 countries between 2020-2022. Dr. Abubakar has authored and co-authored over 50 research articles on emerging and re-emerging infectious diseases, including COVID-19, meningitis, cholera, yellow fever, nodding syndrome, visceral leishmaniasis, and HIV/AIDS. He obtained his degree in Medicine from the Faculty of Medicine of the Somali National University in Mogadishu and his Master of Public Health in Epidemiology and International Health from the Johns Hopkins Bloomberg School of Public Health in Baltimore, United States of America.
